SUBJECT: Save our 4H Club, Release County Board Match University of Illinois Extension Funds (P.A. 095-0707)

Please help save our 4H _________Club. The club is part of the Lake County University of Illinois Extension. The Extension has been told we will not receive the $12.8 million in matching funds which the IL General Assembly already approved. These state funds are for 2008. This dollar-for-dollar match makes up about 50% of every county Extension budget. For Lake County Extension this will require a 44% reduction nearly three-fourths of the way through Fiscal Year 2008. In another words, we could loose our club if these funds are not released. Please help us save our club by signing this petition to ask Governor Blagojevich to release the promised funds. THANK YOU!
